Not just great aerobic exercise, effective self-defense, meditation & chi kung, but Shao-Lin Kung-Fu has such a rich, colorful history spanning over 1500 years! ☯
Before becoming the most notorious traitor in Shao-Lin history, Pai Me (White Eyebrow Monk) was the Grandmaster of the Omei Mountain Temple. Known for his skill in "Iron Robe Chi Kung" he devised two unique dagger forms as preventative measures against a would-be assassin! ☯
The Yin Dagger form uses the sneaky and evasive footwork of the Pa Ku Chang (Baguazhang) fighting system, and the weapon is positioned in the "hidden" position throughout the form!
Don't miss this exciting seminar!!
