Hsin-I Chien (Heart-Will Straight Sword) is a classical internal sword form rooted in the legendary battlefield teachings of the renowned Song Dynasty **General Yueh Fei.** Designed for battlefield efficiency, this rare Sword method translates the direct, explosive power of Hsin-I Ch'uan directly into steel. True to its martial lineage, the footwork is piercing, and every cut, parry, and thrust is driven by concentrated *intent*. The sword is treated not merely as a weapon, but as a direct extension of the practitioner's internal breath and spirit, embodying the historical warrior's precision, unyielding resolve, and calm focus.
